- We provided webinar access for this meeting
 - We tried FuseMeeting.com, and the consensus was that it worked better than GotoMeeting.com that was used for the last meeting. To be fair, we used a cell phone for the voice portion this time. In the January meeting, we used the computer's mic. and speakers.
 - I was impressed that FuseMeeting allows iPhones and iPads to attend both video and audio. I successfully tested this when testing the service for our meeting.
 - We will try another service for our next meeting. The goal is to find the least expensive solution that works well. I started us out with the most expensive first, thinking that we should see what the best service is like to set our expectations high enough.
- We discussed the vacant officer positions.
 - Secretary & Treasurer
 - No volunteers have stepped forward yet.

- We discussed the DC3 Competition (<http://www.dc3.mil/challenge/2011/>)
 - Rob Zirnstein is putting together a team to compete in this competition, and he would like to invite anyone in our chapter to be a part of this team.
 - Each team is limited to 4 people. If we have more than 4 people interested, then we can form two teams.
 - Rizwan Khan has joined the team. There are still two spots left.
- D/Sgt Eric Klinkowski graciously provided the venue and presented “Basic Mac Forensics”.
 - The presentation will not be available online, because it includes content that we do not have permission to distribute.
 - Eric volunteered that we are welcome to contact him with any questions: gpdcop140@yahoo.com
- Next Meeting:
 - May 12th, at TBD
 - Topic: TBD
 - Presenter: TBD
 - Registration: <http://www.asdfed.com/calendar?eventId=259348&EventViewMode=EventDetails>
 - We are looking for venue providers, meal sponsors and speakers for the rest of the meetings this year: May 12, July 14, September 8 & November 10.
